## Bespoke House Signs, Numbers & Letterboxes

House signs and plaques are available with a wide choice of materials, colours, fonts and motifs. House signs are made in slate, brass, aluminium, acrylic, ceramic, wood, stone, stainless steel and many other materials and are all handmade to your order.

We pride ourselves on being able to offer you almost any type of sign you require, even if you don't see it in this brochure.

We can manufacture larger sizes of house signs, house numbers and business signs in many of our sign materials including slate, acrylic.

We can also mix custom paint colours for brass and aluminium signs should you require a specific colour.

We have large pieces of smooth slate 95 x 75cm so we can cut this down to any size you require. We can sandblast engrave almost any font you may require on your sign and we can even laser engrave any photo or engraved and hand painted motif, just ask us!

Using our laser machine, we can cut any size or shape sign from acrylic to a maximum size of 90 x 60cm or if required we can order a special size from our acrylic sheet supplier.

We can apply any photo or logo onto slate, granite, glass, wood, ceramic or acrylic signs and if you require a special motif we can do our best to find one for you. Additional motifs to those shown in our brochure are available on brass and aluminium signs, ceramic, acrylic and slate.
